Audrain County Standardizes Tornado Siren Testing Schedule

Audrain County officials have agreed to begin testing their tornado sirens on a common schedule. The cities of Farber, Laddonia, Mexico, Rush Hill, and Vandalia will start conducting audible siren tests on the first Sunday of each month at 2:00 pm beginning Sunday, January 3, 2010. The tests will be skipped if there is an active severe thunderstorm watch or warning, or tornado watch or warning.
